Les Cutler, '68 Named 2003 Distinguished Alumnus

Distinguished Alumnus Les Cutler.

Each year the Dental Alumni Association names a Distinguished Alumnus, and this year Leslie S. Cutler of the Class of 1968, was chosen as recipient of the honor. He was recognized for his many outstanding contributions to dental education.

Les was born in New Jersey and moved to Los Angeles with his family where he graduated high school and received his undergraduate education.

After graduation from Washington University School of Dental Medicine in 1968, Les obtained his Ph.D. in Experimental Pathology from the School of Medicine, State Univer-

sity of New York, at Buffalo, N.Y. in 1973. Les then began his career in dental education at the University of Connecticut. From 1973-2001, Les served as an Assistant, Associate, and full Professor in the Departments of Oral Biology and Pathology. Les was named Chairman of the Department of Oral Diagnosis for the University of Connecticut School of Dental Medicine from 1987-1992. In 1988, Les was presented the Outstanding Teacher Award from the University of Connecticut Health Center.

In 1992, Les was appointed Chancellor and Provost for Health

Affairs and Vice President for Health Affairs for the UConn Health Center and President of the UConn Health Center Finance Corporation. In 1994, Les became President of the University for Connecticut Health System, where he served as the CEO for John Dempsey Hospital, the UConn Medical/Dental Group and Correctional Managed Health Care until 1999. In 1997, Les received the Technology Business Leader of the Year Award from the Greater Hartford Chamber of Commerce. Les also served as the Chief Science and Technology Business Officer for the UConn Health System

from 1999-2001.

Les founded nABL-Health in 1999, a company that provided wearable, wireless medical monitors.

Les has served on the Board of Directors for the Connecticut Capital Region Growth Council, the Connecticut Technology Council and the Association of Academic Health Centers. Les has also served on the Connecticut Governor's Economic Competitiveness Team as Co-chair of both the Biotechnology Implementation and Health Services Implementation Teams, and the Governor's Economic Development Council.

The 137th Annual Meeting

The Washington University Dental Alumni Association held its annual meeting in conjunction with the Greater St. Louis Dental Society's Mid-Continent Dental Congress on September 11, 12 and 13, 2003. Both events were held at the recently restored Chase Park Plaza in the Central West End. Since its renovation that was completed in 2001, the Chase has regained its reputation as a first-class venue in St. Louis. The events of this alumni meeting were very well attended and the attendees were very happy to be back at the Chase.

The 137th Annual Session began Friday evening with a reception at the Alumni House on the Main Campus. This gathering is always well-attended and is the best place to run into previous instructors and alumni of any year. After the reception, the classes celebrating their reunions headed off for dinners at various locations.

Early Saturday morning, the Alumni Association's Board of Directors met at the Chase to conduct the annual business meeting. Reports were given by the Directory Committee, the Finance Committee,

the Nomination Committee, the Editors of the newsletter and the Alumni Development Coordinator from the Main Campus. Mr. David Jolly.

The Directory Committee reported that the updated Directory was nearing completion and would be ready for publication and distribution very soon. The time-consuming part of the updated Directory is the fact checking. The Directory Committee has spent many hours trying to verify data before going to press. After publication, the Directory will be sent to each Alumnus. The annual Alumni dues are the source of funds for the Directory.

The noon Business Meeting Luncheon was held at the Chase on Saturday. This is open to any Alum who would like to attend. A report of the meeting of the Board of Directors was given and the appropriate action was taken. Any Alum who attends is a voting member. The slate of new officers was presented and elected. They are:

President:
Dr. Mike Noble '84
President-Elect:
Dr. Jim Huisinga '64

Vice-President:
Dr. Arnie Jacobsen '76

Secretary/Treasurer:
Dr. Zora Hanko '84

Editor Emeritus:
Dr. Jack Gilster '44

Editors:
Dr. Gail Holcomb '79
Dr. Robert Boyle '79

The annual banquet was held Saturday evening in the ballroom of the Chase Park Plaza. The reunion classes were recognized with special honors given to the Fifty Year Class of 1953 and the Twenty Five Year Class of 1978. The Fifty Year Class normally receives medallions from the University, but this year, the reunion of the Class of 1953 coincided with the 150th Anniversary of Washington University. The medallions the Class of 1953 received are especially designed by the University to commemorate the Sesquicentennial Celebrations.

This year the Distinguished Alumnus Award was presented to Dr. Les Cutler, Class of 1968. Dr. Cutler was selected to receive this award because of his many contributions to the field of Dental Education. Dr. Cutler graciously thanked the Alumni Association for the honor. He had many kind

words to say about the time he spent in St. Louis while attending the School of Dental Medicine. He also made a point of praising the quality of education he received from Washington University and the positive impact it has had on his life and career.

This year at the annual Banquet the President of the Alumni Association, Dr. Gordon Thompson, gave a special award to Dr. George Selfridge. The Presidents Award was presented in recognition and appreciation of Dr. Selfridge's service to the School of Dental Medicine while serving as Dean from 1976 to 1986. The honor was also an acknowledgment of his continuing support of our organization. He has been a great friend of the Alumni Association and has donated his time, energy and knowledge whenever called upon. In Dr. Selfridge's name, the Alumni Association made a contribution to the International College of Dentists.

The banquet concluded with introduction and installation of the new officers. With this, the 137th Annual Meeting came to a close.

“How Lucky We, All Dental School Alumni, Were To Have Been Trained At Washington University School of Dental Medicine”

Excerpts from Dr. Les Cutler's Distinguished Alumnus of the Year Speech

“I took an ‘alternative route’ in dentistry, forgoing clinical practice to enter a career in academics. As one of only three dentists in the country to run one of the nation’s 130 academic medical centers, I was often asked to serve on national panels that examined dental education. During these

years I had the honor and privilege to work with many of the finest minds in academic dentistry. My career in academics gave me the chance to see many of the nation’s dental schools in a very ‘up front and personal fashion.’

I want to tell you, that from all this first-

hand experience, I can honestly say that Washington University was truly an outstanding dental school. Indeed, over the years, many of the things I recommended to other schools and national panels were based on things that I learned here at Wash. U. While at UConn, I had the privilege to

help build and hone our relatively new dental school. It is amazing how much of the UConn School of Dental Medicine was modeled on Wash. U. and my Wash. U. experiences. Today, UConn is arguably the best dental school in the country.”

Distinguished Alumnus from 1997 Wins ADA’s Highest Honor

Orofacial geneticist Dr. Robert J. Gorlin has been named the 2003 recipient of the ADA’s Gold Medal Award for Excellence in Dental Research. Dr. Gorlin is the seventh recipient of the ADA’s highest honor for research. Dr. Gorlin graduated from Washington University School of Dental Medicine in 1947. He was honored with the Distinguished Alumnus Award in

1997. At the Award Banquet, Dr. Gorlin spoke and presented a slide show that was truly memorable.

Dr. Gorlin has discovered more than 100 syndromes and diseases of the head and neck, including the Gorlin Cyst (calcifying odontogenic cyst) and the Gorlin Syndrome (nevoid basal cell carcinoma syndrome). Dr. Gorlin is the author of

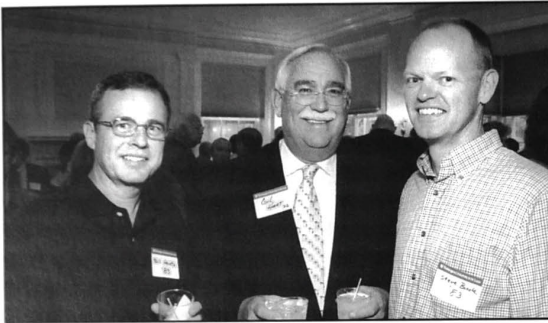

Syndromes of the Head and Neck, a test considered the foremost reference in the field used by both dentists and physicians.

Dr. Gorlin, with a career spanning almost six decades, now joins an elite and very distinguished group of dental researchers who have received the ADA Gold Medal Award for Excellence in Dental

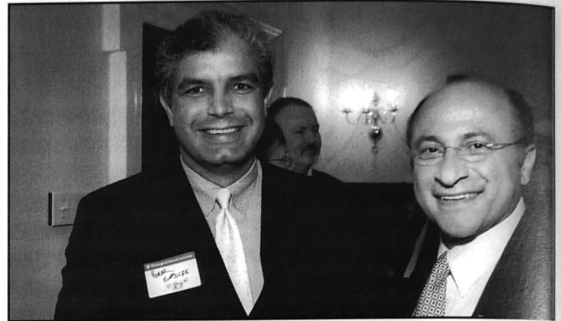

Research. With the award, he will receive a gold medallion, \$25,000 and a paid trip to Chicago for the award’s formal presentation. He will also have the opportunity to serve on the Council on Scientific Affairs for a three-year term. Congratulations, Dr. Gorlin!

Be sure to check out the October 2003 JADA for the full story on Dr. Gorlin.

Planning a Class Reunion

Gordon Thompson welcomes the 25 year class of 1978 reunion attendees, Dennis Parrott and Albert Mina.

Is it time for a reunion of your class? Are you thinking of organizing a get-together? It may be easier than you think. The weekend of the Mid-Continent Dental Congress in St. Louis may be the perfect time. The Mid-Continent is usually held in mid-September. The weekend offers Continuing Education, exhibits from dental suppliers, pre-planned Alumni activities and a walk down Memory

Lane in the gorgeous fall weather in St. Louis.

The Mid-Continent Dental Congress offers Continuing Education classes and exhibits on the Thursday and Friday of the event. Friday evening the Alumni Association hosts an Alumni Reception. This gathering is always well attended and is the best place to see other Alums of your class and many others. Many of our previous instructors

attend this event as well. This reception is held from 5:30 to 7:30. The perfect time to schedule your Class Reunion dinner party may be after this event.

On Saturday the Alumni Association has a luncheon for any Alum who is interested in the activities and business of the Association. All Alumni are voting members and the Alumni Association welcomes your interest, ideas and opinions.

On Saturday evening the Alumni Association holds its annual banquet. Reunion classes can reserve tables for their parties. Each class holding a reunion will be recognized. Traditionally, the special recognition of the evening is focused on the classes holding their Twenty Five Year and Fifty Year reunions. The attendees of the Fifty Year Class receive a special

medallion from Washington University. The other highlight of the evening is the presentation of the Distinguished Alumnus of the Year Award.

Many classes have held their reunions in St. Louis to coincide with the events mentioned above. The University has designated Dave Jolly as Coordinator of Alumni Activities for Dental Alumni. Dave and his Administrative Assistant, Midge Bailey, can be very helpful with getting you started with your reunion. They can provide address labels for sending letters to your classmates; they can even assist you with writing the letter. They can help with information regarding dates, hotels, restaurants, maps, etc. They are a wonderful source for Dental Alumni and will be happy to help in any way that they can. Midge can be reached at 314-935-5419.

The class of 1983 held a well attended twenty year reunion.

Alumni and Development Update

from David Jolley - Alumni Liaison with Main Campus

Gifts from alumni and friends supporting the Harriett Steuernagel Library Fund continue to come in to the Medical School Library. The following chart illustrates the gift totals:

<u>Fiscal Year</u>	<u>Fund Market Value</u>	<u>\$ Available to Spend</u>
2000 (1999-00)	\$1,365,566	\$39,550.48
(included estate gift of \$414,888 from Edward T. Wilson)		
2001 (2000-01)	\$1,423,376	\$67,025
2002 (2001-02)	\$1,105,840	\$57,100
2003 (2002-03)	\$1,178,253	\$137,708

(2003 totals are through August)

Funds spent during FY03 and to keep the Steuernagel Collection current - Approx. \$30,000

(Funds are used to pay for journal renewal subscriptions and individual purchases of dental titles and electronic journals. Additional money, not spent during a fiscal year is plowed back into the endowment)

The Steuernagel Collection contains approximately 90 titles (magazines/journals) as well as a large collection of dental books, electronic resource access and other information for research and reference.

The Library continues to add dental journals to their on-line collection of general medical and dental resources. "OVID," the on-line collection access is available to all alumni and dental practitioners for a \$52.00 annual fee.

The Library is planning to move more toward on-line access of medical collections, and is therefore planning to designate space for this electronic search mode. Would the Dental Alumni Assn. be interested in designating Steuernagel funds (over and above the annual amount needed for regular renewal and upkeep of Collection) for this effort? Recognition to Harriett and the Alumni Assn. would be located in this new area.

The Harriett Steuernagel Award of the Dental Section of the MLA (Medical Library Association) has been established to annually recognize the efforts of a health sciences librarian who has contributed to the growth and development of the Dental Section. A donation of \$10,000 was contributed in 2002 by the WU Medical School Library (from the Steuernagel Library Fund at WU) to provide an endowment that funds this annual award.

The Earl Shepard Memorial Lecture is scheduled for April 14, 2004 from 9:00 am to 11:00 am at the Eric P. Newman Educational Center. The speaker will be Dr. Bruce Haughey, Director, Division of Head and Neck Surgical Oncology and Associate Professor of Otolaryngology at Washington University School of Medicine. Dr. Haughey's subject will be "Mandibular Reconstruction."

The heirs of Dr. and Mrs. Earl Shepard endowed the Dept. of Otolaryngology at WUSM with a fund to endow a lectureship series. In 1994, a sum of \$50,000 was used to establish the endowment. The following chart illustrates the funds \$ history:

(Nov. 5, 1993, the Dental School Alumni Association Executive Committee suggested the total estate funds be disbursed in the following manner:

\$50K to establish the Shepard Memorial Lecture Series

\$56,465 to benefit the Steuernagel Library Fund

\$10K to the Memorabilia Display

<u>Fiscal Year</u>	<u>Fund Market Value</u>	<u>\$ Available to Spend</u>
1998 (1998-99)	\$75,735	\$2,519
2000 (1999-00)	\$99,272	\$3,797
2001 (2000-01)	\$102,997	\$3,752
2002 (2001-02)	\$77,529	\$4,171
2003 (2002-03)	\$81,013	\$4,011

The WU School of Dental Medicine memorabilia display is available for viewing at the former school location on Scott Avenue. The display is located in the newly refurbished building that now houses the departments of neurology, psychology, internal medicine and pathology. The plaques of the former deans as well as text on the history of the School are on display.

A Dental School Alumni Association web page is available and up to date. Currently, the access is through a full address.

You can access the WU homepage once you get into this dental alumni page.

DE faculty, alumni and friends (Harold Schreiber - organizer) continue to meet for lunch at Whittemore House the 4th Thursday in each month.

The Missouri/Illinois study club meets monthly for 2 hour continuing education seminars on the second Wednesday at noon at the Junior League (Clayton Rd. west of Lindbergh). Guests are welcome. For further information, contact Dr. Arnie Jacobson or Dr. Mario Conte.

Les Cutler, '68 Named 2003 Distinguished Alumnus

Continued from page 1

Currently, Les is involved with Lambert's Cove Partners, LLC, serving as Manager Director of a company that works with private equity firms to identify and assess investment opportunities and provide operational leadership and guidance for portfolio and independent technology-driven start-up companies. Les currently serves as the Chairman of the Board of Directors for the MIT Enterprise Forum of Connecticut and The BEACON Foundation. He is also on the Advisory Board for DeSai Systems.

Les resides in Weatogue, Connecticut with Terry, his wife of

over 40 years. He currently enjoys competing in triathlons and fly-fishing in both fresh and salt water. Les said to be sure to give full credit to Terry for helping an ex-UCLA football player to succeed academically and professionally through her nurturing and incredible sustained support, both emotionally and financially.

Terry and Les have two sons. Adam is married with two beautiful daughters. He serves as the lead information architect for IBM's e-business Innovation Center in Boston. Matthew is married with a baby on the way. He is currently the VP for Corporate Marketing at SPSS in Chicago.

Alumni Association Dues

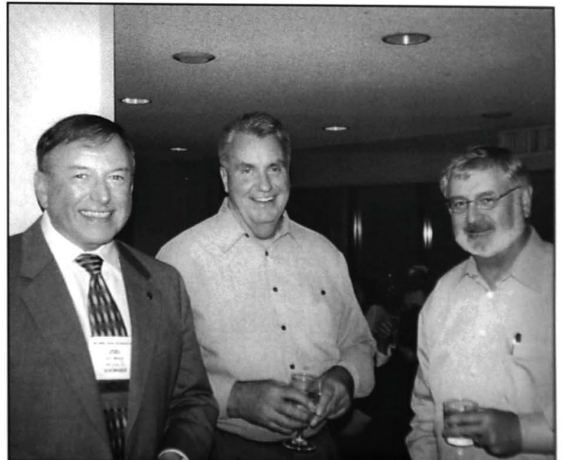

Thank you to all alumni who contribute to the Alumni Association with payment of dues each year. Those dues help to fund a number of ongoing events and projects. Our dues allow us to host the Friday evening gathering held during the Alumni Association Annual Meetings, usually in September in St. Louis. We also host a reception at each annual A.D.A. convention, which is open to all Washington University Dental Alumni (whether they are dues payers or not). Dues also pay for the Alumni Directory, which the Alumni Association updates and sends out approximately every five years. Your most

recent Directory should have arrived several months ago. Your Alumni Association is a supporter of the National Foundation for Ectodermal Dysplasia. We also support the Children's Dental Health Theater in St. Louis, a dental educational theater. It is a nationally recognized, one-of-a-kind facility in the world and we are proud to support this fun and educational resource. If you are not currently an Association member, but would like to become one, we invite you to send a check for \$35.00 made out to: W.U.D.A.A. Send your check to: Dr. Zora Hanko, 12420 Robyn, St. Louis, MO 63127-1631, 314-849-3973.

David and Goliath Revisited – An Update Court Overturns Previous Ruling

In the last Alumni Newsletter, there was a lengthy article about legal action taken by the Alumni Association (WUDAA) in an effort to receive nearly \$3 million left by the trust of Joseph B. Kimbrough, Class of 1894. In the same article, we reported that the assets of the

trust had been ordered to be distributed to Washington University to create a Kimbrough Chair in Cleft Palate/Craniofacial Deformities or Maxillofacial Surgery and Prosthodontics for teaching and healing, ONLY.

One year later, the previous decision has been

reversed in the appeals court in favor of two heirs, Kimbrough's great-great nieces. In reversing the original decision, the appeals court said that Kimbrough had used "unambiguous and binding language" and that he wanted only to benefit the continuation of the dental school. Since the

School of Dental Medicine was closed by the University in 1991, there was no Dental School to benefit from the trust. This final ruling gave the proceeds of the trust to the heirs. The Alumni Association did not participate in the appeal process.

Alumni and School News

Dr. Memory Elvin-Lewis writes that we may be interested in reading *Medical Botany: Plants Affecting Human Health*, 2nd Edition by Walter H. Lewis and Memory Elvin-Lewis published by John Wiley & Sons. She writes that it may be of interest to those who would like to understand how conventional and alternative medicine impact our health. Chapter 12 is devoted to oral hygiene in a "very comprehensive

manner". She suggests that it would be a great reference when one is asked about natural products.

Rick Goldberg, '88, has been named the official Orthodontist of the St. Louis Rams football team. Rick resides in Chesterfield, MO with his wife Linda and their three children.

Michael W. Noble, '84, has been appointed

Chairman of the Division of Oral and Maxillofacial Surgery and Facial Trauma Services at St. John's Mercy Medical Center, St. Louis, MO. Dr. Noble is a 1984 graduate of the Washington University School of Dentistry and a 1988 graduate of the University of Illinois at Chicago.

John S. Bond, '78, who continues to maintain an active oral and maxillofacial surgery

practice in Los Gatos, CA where he has been seen since leaving the U.S. Navy in 1988, is currently serving as the President of the California Association of Oral and Maxillofacial Surgeons. Dr. Bond has been very active in both the California (CALAOMS) and the national (AAOMS) oral and maxillofacial surgery associations for many years now.

The Editors of this Newsletter invite Alumni to forward information and news to the address to your right for future editions. We will be happy to include professional updates, press releases, news and photos of Alumni social functions, etc.
